WALL MOUNTED PANIC BUTTON

EVERY SECOND COUNTS

When every second counts, the G2 Emergency Management System helps to keep your campus or workplace safe. This wall mounted panic button can notify authorities when a life threatening emergency occurs.

FEATURES

- Compact design with a built-in microphone (no speaker), ensuring concealed and silent emergency call
- Two button activation methods: press trigger and long-press trigger
- Automatically polls destinations when the device is busy, unanswered, or offline, ensuring call accessibility
- Multiple LED indicator flashing preset modes for the button
- Allow users to upload customized tones (such as device location information), and the recipient will hear these tones first
- Support Adaptive Noise Reduction feature, ensuring clear audio pickup in noisy environments
- Support relay control
- Support remote access control
- Supports PoE power supply
- Configure and control via web GUI
- Provides flexible API functionality
- Three SIP account lines supported
- Support up to 5 call destinations
- Support dialing outbound calls
- P2P supported
